Muthubalamurugan

B.Tech Artificial Intelligence & Data Science Student

ABOUT ME

Motivated and detail oriented B.Tech Artificial Intelligence and Data Science student with a strong passion for software development, artificial intelligence, system architecture, and modern technologies. Continuously learning through certifications, technical projects, and hands-on experience. Dedicated to solving complex problems, optimizing systems, and building innovative software solutions while expanding technical expertise and professional skills.

EDUCATION

RAMCO INSTITUTE OF TECHNOLOGY (RIT)

B.TECH - AI AND DATA SCIENCE

2025 - 2029

- Currently pursuing 2nd Year (7.8 CGPA).
- Specializing in Artificial Intelligence, Data Science, ML & Software Dev.

KALAIMAGAL HIGHER SEC. SCHOOL

HIGHER SECONDARY EDUCATION

2011 - 2025

- Completed Primary, Secondary & Higher Sec.
- Graduated in 2025.

LANGUAGES

- Tamil
- English

PROJECTS

EchoVerse AI (In Development)

- Developed a generative AI platform featuring dynamic timeline simulation across branching realities with real-time streaming intelligence.
- **Tech: Python, FastAPI, React, Google Gemini API**

Student OS - AI Academic Cockpit

- Full-stack cockpit with AI study planner, Ebbinghaus readiness modeling, unit-level syllabus mastery, and dual-layer PostgreSQL synchronization.
- **Tech: React 18, TypeScript, Python 3.12, FastAPI, Supabase, PostgreSQL**

Eye Moment Vision Controller (In Development)

- Gaze-driven assistive navigation interface utilizing OpenCV computer vision and gaze tracking for hands-free computer control and accessibility.
- **Tech: Python, OpenCV, MediaPipe, Tkinter**

TECHNICAL EXPERIENCE

Self Learning & Personal Projects **2025 - Present**

- Developed multiple software & AI projects using Python, React, full-stack.
- Completed 29+ professional certifications across AI, Data Science & Cloud.
- Enhancing expertise in ML, databases, system architecture & modern SWE.
- Exploring full-stack development, agentic AI pipelines & backend systems.

SKILLS

- AI Fundamentals
- Data Science Fundamentals
- Python Programming (Advanced)
- Java Programming (Advanced)
- C Programming (Advanced)
- MySQL Architecture (Advanced)
- Advanced Computing
- System Architecture
- Code Analysis
- Problem Solving
- System Optimization
- Continuous Learning

MUTHUBALAMURUGAN

B.Tech Artificial Intelligence & Data Science Student

Aztrixdev@gmail.com | https://aztrix-mbm.github.io/ | Srivilliputhur, Tamil Nadu, India

PROFILE

B.Tech Artificial Intelligence and Data Science student passionate about AI, software development, backend engineering, databases, and system architecture. Strong foundation in Python, Java, MySQL, React, and modern development practices with hands-on experience through personal projects and 29+ professional certifications.

INTERESTS

- Artificial Intelligence
- Software Development
- Machine Learning
- Data Science
- System Architecture
- Database Systems
- Open Source
- Modern Computing

CERTIFICATIONS

Professional Certifications

- HP LIFE - Data Science & Analytics Certified
- HP LIFE - Introduction to Cybersecurity Awareness
- Infosys Springboard - Explore Machine Learning using Python
- Forage - Cyber Job Simulation Experience
- Forage - Controllers Job Simulation
- Microsoft Applied Skills (GitHub Copilot, AI Chat, AI Research)
- Google Developer Community Participation
- Python, Java & MySQL Technical Accreditations

29+ Industry Certifications Completed

PROFESSIONAL SKILLS

- English Communication
- Typewriting
- Critical Thinking
- Analytical Thinking
- Team Collaboration
- Time Management
- Continuous Learning

ACHIEVEMENTS

- 29+ Professional Certifications Completed
- Academic Performance: 7.8 CGPA at Ramco Institute of Tech.
- Founder of Aztrix & Co - Software & AI Development Initiative
- Active Technical Event & Hackathon Participant
- Google Developer Community Participant
